

Lightning as a Photographer : Revisiting a Forgotten Phenomenon of Nature

By Chidambaram Ramesh

Partridge Publishing, United States, 2013. Paperback. Book Condition: New. 226 x 148 mm. Language: English . Brand New Book ***** Print on Demand *****.Occasionally, it happens that when men or animals have been struck by lightning, peculiar impressions have been left upon their bodies, which seem to be the exact impression of some adjacent objects, persons, paintings, etc., in the vicinity of the stroke. The imprint is so accurate, and sometimes the exact colors of the original object are also imprinted in such a way that it makes any common observer believe it to be a photographic replica. Amazing as it may seem, lightning sometimes turns out to be a good photographer! The book revisits this curious phenomenon of nature after more than a century, especially at a time when science is perplexed to explain the causes of spontaneous appearance of ghostly images occasionally found on windowpanes or the recent miraculous appearance of Virgin Mary's image on the window of a hospital in Malaysia. The book contains a greater body of information about the curious photographic effects of lightning than any other work on the subject, and it will be a convenient guide to those who wish to investigate...

Reviews

It is in a single of the best pdf. Better than never, though I am quite late in starting to read this one. I realized this ebook from my dad and I encouraged this publication to understand.

Basically no words and phrases to describe. It is really simplified but unexpected situations in the fifty percent of your book. I am delighted to let you know that here is the very best publication I have got to go through within my very own lifestyle and might be the greatest publication for actually.
