The overall target of this research is therefore to assist MNCs by producing recommendations concerning the promotion of products and services for a particular transnational consumer group. Therefore, country-specific websites of companies rooted in different cultural origins are selected for this research, namely EgyptAir, Mercedes-Benz and SonyEricsson. This analysis follows the inductive research approach embedding elements of an ethnographic and exploratory research method. The main part of the empirical study is conducted by means of an online-behaviourist questionnaire following the quantitative research approach and complementary a culture-related questionnaire following the qualitative research approach. The sample size is composed of Egyptian students from the Misr International University in Cairo and German students from Heilbronn University forming the selected samples. Even though Egypt is...
